A Busy Session at School Committee - - -

The Arlington School Committee had one of its busiest sessions of the year Tuesday night. Pictured at left, Arlington High school students present proposed revision of the "dress code." Student Council President Paul Mucci, center, goes over details with School Committee. At right, Chairman of the Peirce School Study Committee, Robert Lemos, left at table, listens to question from School Committee member during discussion relative to crowded conditions at the school.

Dress Code Revisions Approved

The Arlington School Committee before large crowds at the library of the Industrial Arts school Tuesday, approved revisions in the student dress code, took under advisement three proposals concerning the school housing situation and discussed a meeting held last week relative to the drug problem in Arlington.

Chief among the revisions approved by the School Committee in the dress code were that ties for boys will be optional during the first and last marking periods of the school year; sandals with either peels or stockings may be worn by high school girls during the same period, no things will be allowed.

For the boys, sideburns may be worn to the top of the earlobe.

A number of students were present at the meeting with Paul Mucci, president of the student council as spokesman. Previously members of the council and a sub-committee of the school committee discussed the proposed changes.

Meanwhile, the School Committee took under advisement requests from three committees for support of articles at Town Meeting in March.

The School Survey Committee will have an article in the Warrant asking for a long range study of the future of schools in Arlington.

The Peirce school committee and the Parmenter school committee will request in Town Meeting articles, that committees be appointed seeking preliminary plans in connection with additions to those two schools.

In discussing the need for an overall study, Supt. of Schools Dr. Bert Roens stated, "This town has never spent enough money for a study."

He went on to state that now is the time to take an overall view of what should be done in the town, not only in schools. He added that such

a study should include all phases of the operation of the town. "We need a professional to do it," he concluded.

Meanwhile, it was explained that at a meeting of officials Jan. 8, Chairman of the Board of Selectmen John Bilefer appointed Town Manager Donald R. Marquis and Supt. of Schools Dr. Bert Roens to appoint a committee to "come up" with recommendations relative to the overall problem of drinking, drugs, and delinquency in general on a community wide basis.

Named to this committee which will meet Jan. 22 were: Director of Youth Services Arthur Johnson, Police Chief Ferdinand Lucarelli, Director of the Boys' Club George Faulkner, Assistant Supt. of Schools Lawrence Anderson, Chairman of the Board of Selectmen John Bilefer, School Committeewoman Claire O'Neil, Father Robert Casey of St. Agnes parish, Professional Social Worker Mrs. Rebecca Glassman, School Physician Dr. Edward Feeley, Assistant to the Di-

rector of Recreation Daniel Brosnan, Rev. Wilbur Canaday of the Park Avenue Congregational church and Assistant to the Town Manager Michael Sullivan.

League Studies Financial Picture

The Mass. League of Cities and Towns has undertaken a thorough study of the 1969 municipal financial picture, according to a recent announcement made by the League's President, Malden Mayor Walter J. Kelliher.

The study will be prepared by an 18 member committee of city and town officials which was appointed by Kelliher. The Committee, whose report will be issued at a February 6 meeting with state officials, will analyze the 1969 municipal financial picture and propose solutions to what Kelliher termed almost certain property tax rate increases in all cities and towns.

According to Kelliher, "City and town officials fear major cuts in distributions to communities from the Local Aid Fund. These cuts will be due to the increased cost of financing public welfare programs, costs which are paid out of the local Aid Fund even though cities and towns are no longer responsible for administering these programs."

"It is our estimate that the distributions made on the so-called valuation basis, which amounted to some \$126 million in 1968, will be decreased by at least 70 percent. A loss of this magnitude will send the tax rates of all cities and towns to new highs."

Only One Aspect
"Almost certain losses in state aid are only one aspect of the 1969 property tax rate crisis," Kelliher noted. "Municipal wages and salaries in almost every department are up

across the Commonwealth as a result of collective bargaining. Other costs, such as the MBTA deficit, county government, school construction, and retirement benefits are also increasing at such a rate that it is almost impossible for local officials to avert substantial increases in property taxes."

"It is our hope that this League Committee on the 1969 Municipal Fiscal Crisis can bring some of these problems into focus for state officials and the general public alike."

The Committee held its first meeting Wednesday, Jan. 8, in Boston's new City Hall. Other meetings will be held to hear from state officials and municipal finance experts on the scope of the financial crisis confronting cities and towns. Its report will be issued at a meeting of municipal and state officials to be held at the Parker House in Boston, Feb. 6.

According to Kelliher, the Committee will prepare 18 case studies on city and town expenditures and revenues. The case studies will include projections of municipal costs and revenues through 1971. In addition, the Committee will propose solutions for consideration by the General Court during its 1969 session.

Kelliher appointed the following municipal officials to the Committee:
James F. Waldron, Mayor of Haverhill, Chairman; Seymour Archibald, Selectman, Concord; Myles T. Burke, Selectman, Lynnfield; J. Ward Carter, Executive Secretary, Weston; Francis X. Collins, Mayor of Salem; Richard W. Cote, Chairman of the Board of Selectmen, Framingham; David W. Davis, Deputy Director of Administrative Services for Fiscal Affairs, Boston; Frank H. Freedman, Mayor of Springfield; Benjamin Friedman, Mayor of Taunton; Henry Hersey, (Continued on Page 5)

Your Tax Rate - Your Responsibility

The word is out. The coming year could see Arlington's tax rate soaring.

The Finance Committee has already asked those who make up budgets to "hold the line" and keep down to last year's figures.

The School Committee at a special budget meeting open to the public last week slashed nearly \$157,000 from its budget. Another meeting the Finance Committee on schools and the full School Committee is scheduled to be held for tonight.

Whether more items will be cut from the school budget at this session is open to question.

However, one thing is certain, with revaluation to be completed this year, and with the many unknowns concerning "Cherry Sheet" costs etc. and etc. Arlington residents have reason for alarm in viewing their taxes for the year.

Thus it was with some concern that this reporter walked into the special meeting of the School Committee a week ago Monday night to find not more than a dozen or so residents sitting in the audience section.

Actually, this figure might have been less since three of those sitting in the front row were connected with the School Dept.

Now the "hue and cry" about taxes going up and up and why are they going up is definitely the concern of every resident in this community, particularly those owning property because they are going to be the ones "hit with any increase".

We are not particularly discussing whether or not the cuts made in the school budget were the right ones that should have been made, or whether the amounts cut were sufficient or not.

DO YOUR PART

However, we are discussing the question of "why Arlington residents had no interest in what is happening to their money."

Mind you, here we had a special meeting called to discuss sums of money running into the millions of dollars concerning the education facilities of the youth of this community, and only ten or so residents of the town were interested enough to put in an appearance to find out what was going to happen.

But you can be certain that come two months from now when Town Meeting time rolls around and articles are passed and budget figures are quoted and the Finance Committee starts to quote estimated tax rates that there will be moans and groans from residents and from many Town Meeting members wanting to know "how come" they did not know of these things before.

We are not defending any slashes in the budget as a whole nor the "hold the line" policy of the Finance Committee nor the possibility that maybe we should be spending more in some areas or less in another.

However, we feel that the residents of the Town of Arlington, particularly those who will be acting on these many budgets at Town Meeting have an obligation to sit in on some of the various meetings held prior to Town Meeting.

A representative or a representative group from each precinct could very well make certain all such hearings or meetings which are open to the public are attended.

Maybe, many things which residents hoped would not happen will happen because of Town Meeting vote—for or against—but if they attend meetings, become informed and let their Town Meeting members know what is going on, at least they can complain after the tax rate has been released that they did their part—tried to help their community.

Can you say the same?

COLLINS CORNER

It takes a brave man to go way out on a limb with a prediction, and then make good his boast, but millions of watchers saw that happen last Sunday at Miami, when perhaps one of the greatest upsets in sports took place.

So one has to admire Mr. Namath for his performance because he really put his money where his mouth was. And as we witnessed that shocker, other eye lifters pop into mind.

In sports the 1914 Boston Braves over the Connie Mack Athletics in four games, Schmelling over Joe Louis, Tunney over Dempsey in the first fight. And in Politics Woodrow Wilson defeating Charles Evans Hughes for the Presidency, who retired for the night, as folks said Good Night Mr. President, only to awaken to find California had gone to Wilson.

And of course the world remembers Mr. Truman and Mr. Dewey, and the Chicago paper that headlined Dewey as President, and the famous commentator Mr. Karltenborn who just could not believe it.

Locally we saw Henry Keenan become the first Democratic Representative in Arlington in 150 years. Many remember John Collins winning over John Powers for Mayor of Boston, and few can forget the shock of Francis Kelly defeating Leverett Saltonstall for Lieut. Governor. And how about Endicott Peabody noosing out John Volpe in a photo finish for Governor.

Sometimes it is overconfidence, and many times something that is said, and it turns thousands away from their original choice.

Calvin Coolidge lived with the philosophy that you never can be quoted if you don't say anything. Only once did he drift away from that system, and that was when he announced all was well with the economy. Then he didn't choose to run, and Herbert Hoover took over a very sick financial country.

Some years ago in Arlington, the Chairman of the Finance Committee was the featured speaker at the Chamber of Commerce dinner at Wyman's restaurant. It seemed the week prior, the Fire Chief had submitted to the Board of Selectmen a list of promotions he had made, and the orator of the evening remarked facetiously that the Arlington Fire Department had more Chiefs than the Mexican Army, and it caused a laugh from those attending. But someone apparently did not see the humor of the situation because in no time the news had travelled 'way down Mexico way'.

So the Chairman of the Arlington Mass. Finance Committee received a formal note of protest from the Mexican Consul in Boston who demanded an apology.

Well, wars have been started for similar reasons, and the speaker, being a good United States citizen, and a very peaceful man, sat down and penned an immediate retraction. He stated there had been no malicious intent, and hoped all would be forgiven.

Apparently it was, because it has been quiet since between the two nations.

Still one wonders what would have happened if no letter was written. So with the little villages of Menotomy, Lexington and Concord starting the War of 1775, it would have been very strange indeed to see the Arlington Chamber of Commerce go down in history as the place where an international incident occurred in the year of our Lord 1933.

Plan Special TMA Meeting

Ann M. Powers, 234 Mountain ave., is TMA Program Chairman in charge of arrangements.

Regular TMA informational meetings, previous to the 1969 Town Meeting, are scheduled for Feb. 6 and Mar. 6, at the Arlington Lodge of Elks Home.

A special TMA meeting, for the purpose of completing adoption of all necessary or desirable By-Laws, will be held at the Arlington Lodge

To the Editor:
For years I have been reading "Collins Corner" and have enjoyed it immensely. Not only has it given me pleasure, but it is very informative and gives a good picture of what Arlington was like years ago. I'm sorry now that I haven't saved these columns.

Anyone who is a resident of Arlington, and proud of it as I am, would be delighted if these articles could be published in a book. I, for one, would be pleased if this book could be offered to the public.

Sincerely,
Thelma Shannon

HEARING

Selectmen Monday night received notification from the State D.P.U. to a hearing to be held in its Hearing Room, 12th floor, State Office Building, 100 Cambridge st., Boston, Jan. 23, at 10 a.m. on the investigation by the Department upon its own motion into the causes, extent and effects of certain power failures occurring on the weekend of Dec. 28 and 29, and also into the practices of the Boston Edison Company in connection therewith.

BABSON'S POINT OF VIEW

AIRLINES SUFFER FROM GROWTH PROBLEMS

Babson's Reports Incorporated, Wellesley Hills, Mass., January 16—Problems currently afflicting air transportation are the direct results of its rapid growth. True, the industry is gratified by the upzoom in its traffic; but, as contrasted with earlier in this decade, airlines stocks have attracted much less investor interest. The vast majority are quoted well below their previous highs.

PROFITLESS PROSPERITY

Although revenues have shown continued gains, costs also have soared. As a result, margins have narrowed so that 1968 produced virtually no profit growth for the nation's airlines. Also, the increase in carrier capacity and the rise in overhead costs associated therewith have taken a toll on profits.

Another factor limiting earnings is the congestion at major airports. While efforts have been made to ease this acute condition by reducing the number of flights during peak hours, this has provided only a partial answer. Much more must be done in traffic control.

SIZEABLE CAPITAL OUTLAYS SLATED

A major difficulty confronting the airlines, and related to the industry's rapid growth, is the necessity of huge capital outlays for new planes. In 1969, the new Boeing 747s will go into operation. These ships have a price tag of over \$20 million each, with a passenger capability of 490 per craft... although most airlines plan to order models which will carry only 350 passengers.

In the 1970's, smaller jumbo jets (the so-called airbuses), the Lockheed 1011, the McDonnell-Douglas DC-10, the super-sonic transports, and the short-takeoff-and-landing aircraft will enter service. During the next decade the industry plans to spend approximately \$17 billion for new planes and for ground support equipment, of which about \$10½ billion must be raised by 1971.

EFFORTS TO IMPROVE PROFITABILITY

Most important... the airlines should continue to grow at a fast clip; thus traffic increase will help to narrow the gap of the current excess carrier capacity. But, despite the expected impressive revenue gains in 1969 and beyond, Babson's Reports is convinced that the lush benefits realized from the transition from propeller-driven aircraft to jets will not recur.

Furthermore, size is not the sole determining factor for profitability. Hence, while still reaching for new and lucrative runs, the airlines are typing to stem the erosion on profit margins by cutting back on promotional fares and seeking selective fare increases.

OUTLOOK FOR THE AIRLINES

In the Babson view the industry faces a formidable set of challenges which must be met before the airlines reach a new plateau of profitability. Relief of significant proportion may not be seen in 1969. Indeed, airport congestion and delays, higher labor and operating costs, and excess carrier capacity could prolong the squeeze.

The problems of the industry must, however, be viewed as growing pains. The longer-range outlook is still favorable, and continued growth progress is expected. Bear in mind that the airlines are rapidly becoming the dominant mode of inter-city passenger movement.

INVESTMENT MERITS

While profits prospects for the current year are not particularly impressive, the air transportation stocks at current prices appear to be reasonably valued in most instances, especially when viewed in terms of the industry's growth potential. Most of its problems seem already to have been discounted by the stock market.

Hence, it is the opinion of Babson's Reports that investors now owning the common shares of such carriers as American Airlines, Delta, Eastern, Flying Tiger, Northeast, Northwest, Pan American, TWA, Western, and United should certainly hold their positions. For purchase now, the common stock of National Airlines looks attractive for growth, along with the Continental Air Lines convertible 3½% bond of 1992 and the Pan American World Airways convertible 4½% bond of 1986.

A THOUGHT TO REMEMBER

By JOHN A. WALKINSHAW

"What can I do to help you?" and "What's in it for me?" are two opposing attitudes. "What's in it for me" is a self centered demand, lacks every altruistic and lofty purpose.

The "What's in it for me" attitude has identified people in the past just as it labels people today. Judas received his infamous thirty pieces of dirty silver by dramatizing the thought in the lowest and crudest form.

Gradually and happily, it does seem at times that a better philosophy is taking hold. More and more we hear incidents, we see examples of "Can I help you?" Strangely enough (or is it so strange?), the "Can I help you" attitude has a wonderful way to remove the fatal flaw of greed. More often than not, the "Can I help you" attitude provides us with an ample answer to "What's in it for me?"

Why The Millage System

To the Editor:

The Millage System of tax utilization could be the missing part of the formula we are seeking to stabilize the local property tax rate. The Millage System provides that departments and services of government, which depend upon tax revenue for their support, maintenance and continuance, are awarded fixed percentages of that revenue, broken down into thousandths of a dollar, or Mills.

Those fixed percentages could only be altered by pop-

ular referendum by action of the Arlington Town Meeting, by an Act of the State Legislature, or by a combination of all three. The dollars and cents content of each fixed percentage could increase however, as the tax base increases, while the tax rate remains the same. Sound promising?

I think the possibilities of adopting Millage System principles in Arlington are worth a thorough investigation.

Yours truly,

Jack Curran
TMM-Prec. 12

Candidate

Chester J. O'Brien, 101 Thorndike st., has announced his candidacy for the office of Selectman.

Among the reasons cited by Candidate O'Brien for his candidacy were his dissatisfaction with the present town officers' desires to perpetuate the "Status Quo" and the lack of effective planning for the future of the town.

"Problems which were recognized in the 1950's, such as refuse disposal, the decline of business activity in the town, and the need for comprehensive planning for the future, are still problems in the 1960's and it appears that they will continue as problems into the 1970's unless some positive action is taken," O'Brien stated.

Candidate O'Brien pointed out that little, if any, action had been taken with regard to Article 89 of the Massachusetts Constitution, known commonly as the "Home Rule Amendment," passed in 1968. O'Brien stated, "The possibilities of modernizing and streamlining the town government under the provisions of this amendment should be evaluated. It is with this idea in mind that I am inserting an article in the Town Warrant requesting that a committee be appointed by the Town Moderator to study the Home Rule Amendment and its possible impact on the Town of Arlington."

Chester J. O'Brien was educated in the Arlington Public Schools and attended Northeastern University. He is employed as a Principal Engineer with a local electronics firm. O'Brien has been active in local civic and charitable affairs, and has long been interested in good local government for the Town of Arlington.

AT RECITAL

Karen Cornelius, 30 High Haith rd., will be among members of the Longy School of Music Junior Department to be presented at a recital to be held Jan. 17, at 8 p.m. Miss Cornelius will play a cello solo, "Sonata in E minor, first movement," by Brahms. She will be accompanied at the piano by another member of the Junior Department, Renee Rubin of Bangor, Maine.

The recital will be held at Longy school and is open to the public without admission charge.

SNOW SURPRISE!

Snow is white, right? And light? An ephemeral sight? Well, each of these ideas is less correct than it sounds. Scientists say that snow is usually colorless, or off white. And some snow had been known to be red, green, even black depending on the dust particle around which the snowflake is formed. Surprised? You may well be. Snow is full of surprises. The wind and sun that bounce off the snow, for example, may cause painful sunburn, report the makers of Q.T., a product which safely tans the skin in three to five hours with or without the sun.

Seeks Support

Representative Eleanor M. Campobasso this week asked local residents to support her petition that would require the Telephone Company and the Edison Company to place lines for new service underground.

"The placing of high tension wires underground in new service areas would be a start that would eventually lead to placing all wires underground. Underground wires would reduce outages and would cut down the hazardous conditions that prevail during ice storms and high winds. The elimination of overhead wires would add to highway beautification program."

"The power companies continually scream of the high cost of placing its wires underground, no doubt this is true, but it will be the customers who are going to pay anyway."

"While three astronauts were circling the moon in a history making event, some of our Arlington residents were burning candles for light."

SEEKS R.R. STATION

Selectmen Monday night discussed a communication from David Caliendo, 10 Sunset rd., Wayland, advising that he is interested in buying the Railroad Station in Arlington Center to be used as an optical design laboratory, and requesting information as to what his chances are in purchasing this building.

Selectman Arthur Saul explained that the building was purchased from the Railroad with the agreement that it would only be used for municipal purposes.

Stoneham Woman Is Apprehended

A Stoneham woman was charged with breaking and entering and intent to commit larceny after she was apprehended by Arlington police.

At 5:21 a.m., Tuesday, according to Arlington police, Officer James A. Crocker while on patrol observed a car parked in the vicinity of 361 Mass. ave. with footprints in the snow leading from the car to the rear of the building.

As the result of further investigation he arrested Karen McIntosh of Stoneham who was charged with breaking and entering a doctor's office with intent to commit larceny.

Police Chief Lucarelli stated that the pocket radio again proved its worth, because Officer Crocker was able to call the station immediately and assistance arrived shortly after he apprehended the girl.

The New President - - -

To Sing at Calvary Methodist Church - - -

At Lions Club Meeting - - -

The Mass. Retail Lumber Dealers have selected Herbert Katz (right) of General Builders Supply Co., Cambridge and Norwood, as their new president. Katz is receiving the congratulations of the out-going president, Robert Zellan (left), Doan & Williams, Chicopee, and Gene C. Brewer, president of U. S. Plywood-Champion Papers, Inc. Katz accepted his new position at the 68th Annual Lumber Dealers Convention, in the Sheraton Boston Hotel.

The initial service of the week of prayer for Christian Unity will be held Jan. 19 and will feature the 40 voice boys' choir of Saint Paul Choir School of Cambridge. The choir will sing as part of the service of celebration and prayer at Calvary Methodist Church, 300 Mass. ave.

In addition to singing at religious services, the Boys' Choir, under the direction of Theodore Marier, music director for the choir school, has recorded five albums and made numerous appearances in concert throughout the United States and abroad, in-

cluding a concert in Rome. During the recent Christmas period the choir sang in Florida and in Boston with the Boston Symphony Orchestra.

Among the choir members are four Arlington boys, James Walsh, John Dwyer, Bernhard Donohue and Charles Fulmer.

Under the patronage of His Eminence, Richard Cardinal Cushing, the Saint Paul Choir School was founded as a day school for the unique purpose of training young and talented boys in the area of liturgy and music. Since its founding a little over five years ago by

Rt. Rev. Augustine F. Hickey, then Pastor of Saint Paul Church, Cambridge, the Choir School has enrolled boys from more than 30 different parishes of the Archdiocese of Boston that are within commuting distance of Cambridge.

The years of training begin when the boys are auditioned for entrance into Grade 5 and continue until they graduate from Grade 8. Music and liturgy are integrated into a full curriculum that includes all academic subjects. Daily musical participation in the liturgy as well as occasional musical offerings on records

and the concert stage provide continuing and vital focus for the programme. In addition to intensive vocal and theoretical training, instrumental instruction in recorder, flutes, violin, and piano is given to each boy in the school.

Included in the program are Mr. John Dunn and Mr. Charles Sego, organists; David Mezzof, flutist, and Kenneth Ritchie, oboist. Home liturgies will be given by the Rev. Robert C. Mezzof, Pastor of Calvary Church, and The Rev. Father Charles Ring of the Stigmatine Fathers, Waltham and Regis College.

The public is cordially invited to the service which begins at 8 p.m. Refreshments will follow in the social hall. A free will offering will be received.

To begin the day, the sermon at the 10 a.m. morning service will be delivered by John Carey, a seminarian at Saint John's R. C. Seminary, Brighton. Mr. Carey is on leave-of-absence to attend Harvard Divinity School and to serve for one year as an assistant minister at Calvary Church. This is a unique program and the first of its kind to bring a Roman Catholic into a Protestant Church as assistant minister.

Diet Workshop

FIRST BAPTIST CHURCH

Morning Services of Worship will be held at 9:30 a.m. and 11 a.m., Jan. 19, at the First Baptist Church, 819 Mass. ave.

The Rev. John Douhan, regional area minister for the Mass. Baptist Convention and member of the First Baptist Church, will bring the sermon.

The Chancel Choir, under the direction of Robert Ball, will sing "Draw Nigh to God" and the anthem "I Will Lift Up Mine Eyes" by Sowerby. Mr. James Jones will sing the solo "I Walked Today" by O'Hara.

During both services the Nursery and Crib rooms will be open under supervision for the care of very young children. Church School Classes for all ages are conducted 10:45 a.m. to 12 Noon.

Jan. 22 at 7:30 p.m. there will be a Special Business Meeting of the Church followed by the Annual Meeting.

At this time the Annual Reports of Committees, church budgets, nominations of officers and other business of importance to the church for the new church year are transacted by the church membership.

The following news release was received this week from the Diet Workshop office:

All those interested in a sensible program for weight reduction are invited to attend an Open House, Jan. 21 at 7:30 p.m. at St. Agnes Fidelity House, 25 Medford st.

The purpose of The Diet Workshop is to follow a gradual plan for reducing with the help of group support and a diet that includes nourishing food and a variety of recipes (and no diet pills!).

Diet Workshop members love to get together each week to exchange ideas and solutions to their problems, such as dining out, entertaining, satisfying the nibbler as well as the big eater and in addition they learn to coordinate their diet plan and family meal preparation with the help of a trained instructor. Of course we mustn't forget the "weigh-in" which is a necessary part of every meeting and the only way to keep a check on the progress each person is making in "the battle of the bulge."

You are urged to attend the Open House for which there will be no charge. If you de-

side to become a member you may register for a fee and pay a small weekly charge thereafter. Of course, as with any Diet Workshop, new members are welcome any time as they proceed towards their goals on an individual basis. All graduates may attend free.

If you wish further information please call The Diet Workshop office at Newton Corner at 244-5847.

Here is a sample of how good "diet food" can be.

Pictured above are six Lions in makeup at the annual Christmas Party of the Arlington Lions Club.

The lady is Mrs. Barbara Horrigan who provided the entertainment for the evening. She is a professional makeup artist from Arlington, and

judging from the picture, very effective. She had six "willing" subjects to work with. Pictured with Mrs. Horrigan are (l. to r.): Dick Sanborn, Phil Carney, Frank Kirkland, Dom Butera, Win Bancroft, and Walter Mason.

The party was held at St. Paul Lutheran Church, regular meeting place of the club. A buffet dinner was provided for the Lions, their ladies and guests.

There was a round of Christmas Carols and all of the ladies had a chance to sit in Santa's lap to receive a gift.

Peggy Fleming
In Ice Follies

Peggy Fleming will be special guest star of Shipstads and Johnson "Ice Follies of 1969" for the entire run of the production which opens Feb. 12 at Boston Garden. The spectacular ice revue will play a twelve day engagement, giving 22 performances.

Miss Fleming, who recently enchanted an audience of over 25 million on her NBC-TV Special, has become America's skating heroine. As an undefeated three-time World figure skating champion, 20-year-old Peggy was the United States' only Gold Medalist at the 1968 Winter Olympic Games in Grenoble, France. She is said to be the first ice entertainer of star rank since Sonja Henie captivated the American public in the 1930's.

Generally known for her lyrical, ethereal style, Peggy Fleming will also demonstrate a more frenetic facet of her skating brilliance as she spins, glides and jumps to a rock beat. Two-time Olympic champion Dick Button has said of her, "Peggy can do things on the ice no other skater can do. Hers is a graceful style. She seems to just glide over the ice. She is a floating symphony. She does spins and jumps but hardly kicks any ice."

Exhibition at Robbins Library

The current exhibition in the Robbins gallery are prints on the subject of the remarkable monolithic churches of Lalibela in Ethiopia. Among the most unusual as well as important Christian monuments of the African continent, they are little known in the western world except for the illustrations of an Italian artist, Lino Bianchi Barriera whose work is shown.

Each of the 12 churches was carved from living rock in a most extraordinary way, so that their roofs are found at ground level. At first only the huts of the native inhabitants can be seen. Approaching nearer, the traveler then sees the massive buildings rising up out of deep trenches.

The builders began with broad trenches around a central block of stone. This later was sculptured into the walls, facades, and porticos of the exterior. Then it was pierced to form the interior with columns, arches, lacey openwork windows and even the altar, all carved from one great original rock and embellished with chiselled ornamentation. Lalibela takes its name from an Ethiopian king during whose reign the churches were carved. Honored for his asceticism, Lalibela is revered as a saint of the Ethiopian church.

The prints which have been loaned by the George Binet Print Collection of Brimfield, Mass. were arranged for by Dr. Ellen P. Wiese, Curator of the Robbins Print Collection. The exhibit may be seen through Feb. 15, whenever the library is open.

Life Insurance

The Division of Savings Bank Life Insurance announced recently that the Mass. Savings Insurance Banks issued over 105 million of new life insurance in 1968, bringing the total in force to over one and one-third billion dollars.

Dividends to policyholders will exceed 8 million dollars during 1969, which represents a 13 per cent increase over 1968.

Also effective March 1, 1969, interest on dividend accumulations and funds held under supplementary contracts will be credited with interest at the rate of 5 per cent. This is an increase from a previous rate of 4 1/2 per cent.

During 1968 Massachusetts Savings Bank Life Insurance introduced a new ten-year non-renewable term policy with an extremely low premium rate especially appealing to students and young married couples.

The Massachusetts Savings Bank Life Insurance system now serves more than half a million policyholders equivalent to about one out of every ten persons currently living in Massachusetts.

NEW REQUIREMENT

The Search is On

The search is on! The Arlington Boys' Club's committee to select a local citizen to receive their annual "Outstanding Service to Youth Award" is actively engaged at this time in corresponding with 75 community organizations and clubs requesting each to submit a candidate for this most worthy award.

In addition to Chairman, Arthur D. Saul, Jr., the committee consists of Russell Eckel, George Fusco, Mrs. Mary Pulsford, and Mrs. Thomas Walsh.

Recognizing that the town is blessed with many adults who devote much time, effort and enthusiasm, as volunteers in the interest of youth, it seems fitting that the community, (i.e. in this situation the Boys' Club) pay tribute, annually to one of these dedicated people.

Past recipients include Mrs. Kenneth Spengler, 1965; Lloyd Crocker, 1966; Francis Donnelly, 1967; and Gerard Bartholomew, 1968, are symbols of the quality of personality that the committee is seeking. Their contributions have benefitted thousands of

Arlington High Beats Brookline 3-1, In Triple Tie For Roof In GBI

The Arlington High school hockey team finally moved into the top spot in the GBI hockey loop, even though by means of a triple tie, beating previously undefeated Brookline 3-1 last week.

Kent Davison, Tony Lyons and Dave Brine scored the Arlington goals and Jack Heavy tallied the only marker for the losers.

As the result of this win Arlington, Brookline and Medford are tied for first place with identical 5-1 marks.

Arlington lost its opener to Medford 1-0 and has not been defeated since. The locals meet the Medford club again this Saturday in a battle of top-flight goaltenders. Bon Bertagna of Arlington has allowed but four goals, while Medford's Bob Henry has stopped all but three shots

fired at him this season.

The locals moved ahead at 1:03 of the opening period when Kent Davison converted a Tony Lyons pass from 30 feet out.

Davison and Co-Capt. Dave Brine picked up assists on a goal by Tony Lyons in the second period.

Brine added the final tally late in the same period with Johnny Lyons picking up an assist.

Coleman Brothers Each Score Three

Senior John Coleman and his freshman brother Scott each had three goals Monday night as Coach John Carney's Arlington Catholic team beat Don Bosco in the opening round of the Catholic Tournament at McHugh Forum.

The first period was scoreless. At the 38 second mark of the second period John Coleman took a pass from younger brother Scott and beat the Don Bosco goalie for a score.

Minutes later the Coleman brothers combined for the second tally. John was credited with the goal, Scott with the assist.

Just before the period ended Scott Coleman banged home a Dennis Villandry rebound for the third goal of the period and the first goal of his hat trick.

It only took the Coleman combine 40 seconds to score a pair of tallies in the third period.

At 3:33 Scott had his second goal, brother John had the assist. John had the third goal of his hat trick and once more Scott had the assist.

Arlington Catholic had a 5-0 lead at this point and Art Zambroni put one in the net to make it 5-1. Scott Coleman then scored the sixth goal for A.C. with Dennis Villandry and John Coleman assisting. In the last minute Art Zambroni scored another Don Bosco goal.

Coach John Carney used every boy on his squad with several of the freshmen playing for the first time in tournament competition.

Next Monday night at 6 p.m. the Arlington Catholic team will meet St. Mary's of Lynn.

The Lynn team shut out Matignon 2-0, the team that held A.C. to a tie on Sunday afternoon.

Last year the Christopher Columbus team won the Catholic tournament but the team was eliminated in the opening round Monday night by Xavierian 4-1.

Phil McDougal, an outstanding defenseman for A.C. was unable to play because of a knee injury sustained in Sunday's game and will be out for two weeks.

Larry Babine and Paul Callahan, the starting defensemen, along with the Coleman brothers and Dennis Villandry were the stars in the opening round win.

Dennis Villandry's goal at the 33 second mark of the first period was A.C.'s only tally as Matignon held the Catholic Suburban league entry to a 1-1 tie Sunday afternoon at the Boston Arena. The Coleman brothers, John and Scott, had assists on the tally.

A partially screened shot midway in the second period accounted for the only score for the North Cambridge school.

John Quanci, the A.C. goalie, had a great day in the nets as he kept coming up with saves throughout the game. Xavier leads the league with a 6-0 record with the local team in second place with a record of 4-1-1.

Lodge Answers Blood Shortage

Hiram Lodge A.F. and A.M. answered the blood shortage call a week ago when a number of members donated blood in Boston.

Donating blood were Dave Ryder, Bruce Harding, James Garian, Winifred Waite, Arthur Claire, Harold Larson and Robert Gagosian.

Wives of members donating included Martha Larson, Nan Claire and Betsy Ryder.

Ernest Plaschkes is chairman of the blood committee for the Lodge.

As has been the case in the past, other members will donate later this year.

After returning from Boston the members had a spaghetti and meatball dinner at the home of Dave Ryder of Lexington, Master of the local Lodge.

CASE CONTINUED

The case of a Cambridge man, charged with violation of the motor vehicle law and unlawful possession of narcotic drugs and a hypodermic needle was continued from Jan. 13 to Feb. 18.

The man was arrested earlier this month by Arlington police officer John White.

Pleasure Island last year will remember Don as a featured performer during the season.

The highlight of the evening will be the presentation of awards to some deserving young gentlemen members of Fidelity House. Tickets are priced the same as last year and are now available at the front desk.

Tuff Town
The Tuff Town Special Event has been postponed until March 1 because of the extensive preparations for the Mother-Son Dinner.

Carr, Abbruzzi Pace Arlington JV's

Kevin Carr scored three goals, one in each period as the undefeated Arlington High school Junior Varsity Hockey team blanked Rindge Tech 5-0 last week.

Ralph Abbruzzi opened the scoring for Arlington with a first period goal. Costa was credited with an assist.

Carr made the score 2-0 with his first of three with Ned Mahoney picking up the assist.

Carr made the count 3-0 in

the second stanza on a solo dash.

The same combination which accounted for the second goal made it 4-0 with Costa passing to Abbruzzi.

Midway through the final canto Carr scored his final tally with Ned Mahoney and Bob Quinlan picking up assists.

The locals play Browne and Nichols in a non-league game at the Cambridge rink, tomorrow and on Feb. 3, the locals meet Cambridge Latin.

Watertown Edges

Arlington High

The Arlington High school basketball team lost another close contest Friday night when Watertown High defeated the locals by a 58-54 score.

The winners led 16-15 at the end of the quarter and 28-25 at halftime.

The third period proved the downfall for Arlington as the winners jumped ahead in double figures.

Arlington rallied in the final stanza but fell four-points short.

O'Leary paced the Arlington attack with 22 points; Bob Cuccio chipped in with 14.

Four Watertown players, Ryan, 18 pts.; Barrett, 11 pts. and Gleason and Byron with 10 each led the winners.

SPEAKS TO

Special Agent William Boland of the F.B.I., Boston office, demonstrated defensive tactics at the "in-service" program at the Arlington Police station, Jan. 8.

A film relative to interviews and interrogation was also presented with remarks by Agent Boland.

OFFICER INJURED

Officer Joseph Steele of the Arlington Police Dept. has been confined to Symmes hospital with injuries sustained in a fall on Appleton place.

MUST BE FILED

A copy or a memorandum from the State Dept. of Community Affairs, advising that an information copy of each application for a Federal grant or loan for any community development program must be filed with the Dept. of Community Affairs not later than the tenth day after submission of the application was referred to the Town Manager by the Board of Selectmen Monday night.

SCHOOL and SPORTS

by Hal O'Brien

The hottest race in years is going on in the G.B.I. hockey league with Arlington, Medford and Brookline in a three way tie for the league lead, with 5-1 records. Coach Burns' boys broke an 18 game Brookline win streak when they defeated the Wealthy Towners last week 3-1.

The local team will have a chance to drop Medford out of the top spot this Saturday as two of the three top teams do battle.

It looks to me as if Jack Cusack has quite a team up at Xavier High. The Concord school is presently leading the Catholic loop and is undefeated with only a tie in a non-league game with Malden Catholic to spoil an otherwise perfect record.

Tonight, at the Arlington High freshman building, Flotilla 1-511 of the Coast Guard Auxiliary will present the first lesson of an eight session course on safe boating and small boat handling. If you have a boat and have never taken a boating course, here is a chance to take one without going out of town. Class starts at 7:30.

Gerry McCarthy who managed the Bob Woolf club, and the former Mass. Envelope and other teams in the Boston Park League has been named the League's Commissioner after managing teams for over 20 years. Many local boys have played for Gerry over the years.

Included are: Mark Driscoll, Jimmy Gilpatrick, Billy Morris and Chet Stone. They played for Gerry last season.

as his team won the league title. Gerry has enough business and baseball experience to do an excellent job in his new post.

Buddy LeRoux's new Sports Club in Woburn is the scene of conditioning workouts for many. Jim Lonborg, the Red Sox pitching star of two years ago, is working hard under Buddy's direction to get in shape for what he hopes will be another great season. Jim was the first Sox pitcher in years to win more than 20 games.

Peggy Fleming, the great figure skater who won a Gold medal in the '68 Olympics, is now a pro and will headline the Ice Follies Show when it comes to the Boston Garden next month. Arlington's own great figure skater, Tina Noyes, finished close to Peggy in many competitions.

A reminder to camping enthusiasts and outdoor sportsmen—the big Sportsmen and Camping Show starts at the Boston War Memorial Auditorium this Saturday and continues until Jan. 26. Red Sox star Ken Harrelson will headline the stage show and "Yaz" will be at the show Jan. 25 and 26.

The offer to buy the Patriots for eight million dollars by a group of bankers from Seattle has been turned down and the Patriots will remain here in Boston, even though they are presently without a coach.

It is tough to see local businessman Mike Holovak relieved of his coaching duties, but Boston needs a winning pro football team before there will be a real outcry for a stadium.

Tomorrow night at the Boston Skating Club the final night of three Booster nights will be held. At 7:15 p.m. Coach Ed Mahoney's J.V. team will play the home club in a consolation game and Coach John Carney's varsity team will battle Boston College High, the league leaders of the in-town school circuit, in a 20 minute battle.

B.C.H. is now coached by Bert Kenty who had such great success as the hockey coach at Malden Catholic for 20 years. The double header is well worth taking in.

Jay Donovan, the ex-Arlington High and B.C. football player, was in town last week. Jay is still playing pro football in the Florida league.

Adult Basketball

The Park and Recreation Department's High school and Adult Basketball programs got underway last week with some thrilling action taking place.

In the Adult League, the Aces began defense of their 1968 crown with a 63-45 win over First Baptist. In the closest game of the night, St. James nipped K. of C. 48-43. In other action, the BAC squad dumped the Arlington Jewelry by a 56-37 mark and New England Telephone handled the Shamrocks 59-37.

High school league action should be fast and furious this year with many teams displaying fine talent. First game results found the defending champs Boys' Club beating GOYA 53-28. The surprising Royals topped St. Camillus 33-25, with St. James beating the newly revised Legion squad 56-36. In the final game of the night BCA bombed the Bucks 67-20.

On Tuesday evening, the Royals topped GOYA 59-37 behind the scoring of David Allen (17), Ricky Kreuz (10) and Ron Curtin (9). For Orphanos topped GOYA with 16 followed by George Kallis with 14. In beating St. Camillus 51-30, St. James had a good ball game from Rick Reardon (18) and Art Stratton (15), while St. Camillus showed Wayne Southard (13) and Jack Duggan (6).

In the closest game, Boys' Club topped BCA 43-34 behind Bob Palange (20), last year's leading scorer. Tom Brackett chipped in with 12. BCA was led by Jim Barrett 10 points. The Bucks lost a six point half-time lead and eventually the ball game, as they bowed to the Legion 46-36. Teevan and Leveroni teamed for 22 points for the Legion, while Paul Driscoll (15) and Tony Freni (12) led the Bucks.

Friday's action was close with all teams showing marked improvement. The Royals remained unbeaten with a 47-37 win over BCA. David Allen pumped in 16 for the victors and Jim Barrett 18 for BCA. The Boys' Club also continued unbeaten with a 52-43 win over St. James. Tom Brackett (20) and Bob Palange (16) led the Boys' Club, with Art Stratton and Rick Reardon top point producers for St. James. GOYA checked in with its first win of the season a convincing 17-29 victory over the Bucks. Peter Orphanos (21) and George Kallis led GOYA and Ron

besides working as a stock broker in Orlando.

Ike Prescho, the umpire in chief of the A. Y. A., informs me that Pat Egan will be calling balls and strikes when the A.Y.A. baseball season opens in the spring.

The A.Y.A., which was started in 1945 and sponsors 16 teams and baseball for over 300 boys, is in dire need of funds to keep the program going.

Contributions may be mailed to the Arlington Auxiliary Police Association, Inc., at 7 Central st., Arlington.

Chief Lucarelli and the league officials will be more than grateful for donations to this cause as the league baseball keeps the boys busy at a time when many youths in this town seem to get into trouble. Without baseball during the summer months, the Police blotter would have many more entries.

Al Dolan came up with one of the best speakers in the country when he booked Bill Vecek for the January meeting of the Touchdown Club. With Al at the head of the program committee, booking speakers of Vecek's caliber, attendance at the monthly meetings of the club should be at an all time high. The next big night for the club is the Ladies' Night scheduled for Jan. 31. Charlie Kent, one of the town's great football players 20 years ago, heads up this program.

The Hub A. C. is sponsoring amateur boxing Friday nights at the Fargo Building, Army Base, Boston. Al Clemente, who for years directed boxing shows, is the director.

Lowell Sun Charities presents the Golden Gloves for the 23rd year at the Lowell Auditorium. The prelims and semi-finals are scheduled for Jan. 21 and 28; Feb. 4 and 11. The finals begin Feb. 26.

Coach Jack and Mrs. Cusack and a party of friends celebrated Xavier's 50th win Sunday night. In the four years that Jack has been coaching, his teams have a record of 50 wins against only seven losses. This season the Concord Catholic team is leading the loop with a 7-0 league record, scoring 44 goals with local boy Captain Jay Connors the leading scorer.

Moates outstanding for the Bucks. St. Camillus 47, Legion 37 was the final score of the last game of the evening. Big Wayne Southard with 25 points gave St. Camillus a seven point half-time lead and eventually their first win of the season. Teevan (18) and Novillis (9) led the Legion John Novillis (9) led the Legion squad.

First Show Of Season

World wrestling champion Bruno Sammartino puts his title on the line against The Sheik, mean, mystical Arab, to headline a sparkling mat card, first of the 1969 season, by Promoter Abe Ford, at Boston Garden, Jan. 20.

Sammartino and his manager, Arnold Skaaland, were carried out on stretchers after the Sheik was disqualified against the Champ in a New York match. Bruno rules as a slim favorite to beat the Arab.

When he was disqualified, The Sheik, who is U. S. Champion, became so enraged that he knocked Sammartino unconscious and then gave his manager, Skaaland, the same treatment when he tried to aid the Italian Strong Man. The Sheik, said to possess "Fire Powers", insists that the referee not throw a cloak of "protection" around Bruno. "Let Sammartino take care of himself," chides The Sheik, "if he has courage to do so."

In his only other appearance here The Sheik handed Spyros Arion a brutal beating. Up until that time Arion had never been defeated.

A great contest, offering a \$3,000 bonus if either one can win by a body lift and slam—that is, pick his opponent over his head and slam his back to the deck—is in store when 620-pound Haystack Calhoun meets 401-pound Gorilla Monsoon. The respective managers and Promoter Ford each put up \$1,000.

OVER 500 Recreational Vehicles • PRIZES • Largest Consumer Camping Show in the world. JAN. 22-27 at Mammoth SUFFOLK DOWNS

The following report has been received from the Arlington Boys' Club.

Recognizing that the Boys' Club has just concluded a most gratifying year of service to 3,896 youth and others it would seem proper that we report, at this time, on the successful activities and programs conducted during the year.

In view of the great need to inform the public of the vast service of the Boys' Club, we will forego a lengthy report and provide a detailed review of the program for the future.

First and foremost, the Boys' Club serves boys, so with apology to the fairer sex we will begin with the boys' schedule.

Boys — Tuesdays, Thursdays and Fridays, 3 p.m. to 10 p.m.; Wednesdays, 1:30 p.m. to 9 p.m.; Saturdays, 10 a.m. to 5 p.m. In addition to the previous, the schedule is expanded considerably for special events and special groups. Recreation is a means to an end at the Boys' Club and every day guidance permeates throughout the entire program.

The diversified activities include a very complete aquatic program which focuses on instructional swim classes, recreational swimming and competitive swimming. An all inclusive physical program, both indoor and outdoor, which enables a boy to participate regardless of his physical skill.

All major sports as well as body building, tumbling, endurance activities and organized games are contained in the Boys' Club physical fitness program. Sailing, canoeing and rowing for all qualified during the summer and fall months.

Drop-in activities, such as games rooms and lounges, are available to the boy at times that suit his own personal schedule.

Special events that involve the entire family and in keeping with many of the festive days throughout the year.

Group clubs that provide an excellent opportunity for the non-mixer. Special interest group clubs that afford the boy to meet with others who have the same interests. Arts, crafts, ceramics, wood-working and printing that provide the boy with the opportunity to learn and develop a particular talent.

Competitive activities ranging from well-coached teams to essay contests to tournaments to road races are an important part but not overly emphasized at the Boys' Club for we believe in the individuals self improvement, development and achievement.

The facility is a most important ingredient in providing service, but of far greater value are the personalities directing and supervising the program. In this regard, the staff is sensitive to youth's need and interests and has the ability to give the direction boys so much need today.

Girls — Mondays, 2 p.m. to 7:30 p.m. All activities available to boys are with some modification, available to girls. In that we are limited in terms of time that we may offer to girls, the program is strictly recreational oriented.

Women — Mondays, 8 p.m. to 9:30 p.m. or Tuesdays, 10 a.m. to 11:30 a.m. (Babysitting services are available on Tuesdays). Activities are formal (instruction) and informal and take place in the Olympic size swimming pool, the gymnasium and games room.

Men — Tuesdays and Thursdays from 8:30 p.m. to 10 p.m. Again the nature of the program is physical fitness and includes use of the gym, pool and games room.

Exceptional children — Saturdays, 8:45 to 10 a.m. An in-depth physical fitness program focusing on "learn to swim" and "fun with a purpose." This program is directed toward retarded and blind children.

In addition the Boys' Club facilities are utilized by many schools and organizations at times that do not conflict with usage by the membership. The GBARC "Day Activity Center", Bartlett, Dearborn and Gifford schools, are scheduled week days from 8:30 a.m. until the club opens to the membership. Further, many private groups rent the pool and or gym, games room on Saturday nights and Sundays.

The Board of Directors and the staff are proud of the fact that in excess of 150,000 youth and others were served, in one capacity or other, during 1968—averaging 80 program hours per week.

All youth and adults, eight years of age and older, are cordially invited to join Arlington's most all-inclusive club—the Boys' Club. Fees for all ages are reasonable and scholarships are available to youth.

Fidelity House Notes

C.Y.O. Basketball

The Junior Jaguars lead the Woburn Deaneys with an undefeated 3-0 record, while the Cadet Tigers sport a 2-1 record. The girls Junior team, the Royal Chargers, are winless in four games, but this young and scrappy team has shown promise of breaking into the win column.

Coach Tom Kelly reports that Nancy Kreuz, Carol Vincent and Joyce Sullivan have been his early season spark-plugs. The undefeated Jaguars' success has been due to a well balanced attack led by veterans Jerry Williams and Rick O'Brien.

The Cadet Tigers have been paced by Co-Captain Rich Crowley and Eddie Woods, along with Eddie O'Brien. Our best wishes to all three teams representing St. Agnes Fidelity House.

Fi-Ho Patrol

The semi-annual elections of the Fi-Ho Patrol were held last Friday evening at Fidelity House. Because of the high caliber of those nominated, the voting was very close. The results were as follows: Tom "Bones" Motherway, President; Rich Crowley, Vice-President; Ron Gasper, Treasurer; Dave Kenney, Asst. Treasurer; Marie Guanci, Secretary; Eileen Smith, Asst. Secretary.

The Executive Board consists of Dennis Caputo, Eddie Woods, Eddie Lynch and Marty Collins.

Class Registration Registration for the Informal Education Classes for the

NAMED CHAIRMAN
Claude M. Sweet, Jason st., Arlington is Chairman of the program planning a special program by the Daughter of Vermont, at the Fisk House, 146 Commonwealth ave., Jan. 16.

George L. Wilson, son of Mr. and Mrs. John E. Wilson, 36 Beacon st., recently enlisted in the U. S. Navy and will undergo recruit training at the U. S. Naval Training Center, Great Lakes, Illinois, according to Chief R. M. Van Kirk and Petty Officer Dick Michaud, local Navy Recruiters at Medford.

At the Training Center he will undergo training in physical fitness, swimming and survival, basic shipboard orientation, gunnery, fire fighting, military law, military drill, and many other subjects.

After completion of recruit training he will receive leave and then report to one of the Navy's Class "A" Schools, or on-the-job training in one of the Navy's more than sixty major job fields.

Anyone desiring information concerning opportunities available in the U. S. Navy is invited to stop in at the Navy Recruiting Station, Medford, Mass., or call 395-6066.

PROMOTED

John E. Anzalone, son of Mr. and Mrs. Salvatore A. Anzalone, 31 Henderson st., has been promoted to sergeant in the U. S. Air Force.

Sgt. Anzalone is an aircraft equipment repairman at Beale AFB, Calif. He is a member of the Strategic Air Command.

The sergeant, a 1965 graduate of Arlington High school, attended Newman Preparatory school, Boston.

May Enlist

Richard L. Michaud, BM1, USN, the local Navy recruit, announced that High School Seniors may enlist in the Navy as early as March and report for active duty after graduation.

Under the 120 Day Delay Program, the Navy has been authorized to enlist qualified young men and give them up to 120 days to report for active duty.

Young men enlisting in this program gain several advantages. The delay time prior to reporting to active duty counts toward completion of military obligation, builds longevity for pay purposes, and affords four months' seniority prior to entering recruit training. No attendance at drills or meetings is required during the waiting period.

Anyone desiring further information on this program, or any other programs offered by the Navy, is invited to drop by and see the local Navy Recruiter at the City Hall on Salem st., in Medford or call him for an appointment at 395-6066.

PROMOTED

Russell J. Verney, 21, son of Mr. and Mrs. Walter C. Verney, 56 School st., was promoted to Army specialist five Dec. 6 in Vietnam where he is assigned to the 213th Assault Support Helicopter Company.

Spec. Verney, a flight operations coordinator with the company, entered the Army in December, 1966, and completed basic training at Ft. Dix, N. J. He was stationed at Ft. Devens, Mass., before arriving overseas in March 1968.

The specialist is a 1965 graduate of Arlington High school and attended Northeastern University, Boston.

New Service

Robbins Library has recently made available for home use a collection of 75 eight millimeter silent movies. (At present super-eights are not available.) The films were selected to appeal to people of all ages—from preschoolers to oldtimers. They may be borrowed free of charge for a period of one week. Each borrower may take up to a one hour program at any one time.

For young children the films available include circus films, films about animals, and Bible stories. For others the subjects include sports events, travel, space documentaries, railroads, science fiction, biographies and news documentaries.

There are several films of the silent movie era, including samplings of Charlie Chaplin, Laurel and Hardy, W. C. Fields, and Will Rogers films.

This new service was initiated during the first week of December. It has been particularly popular as a means of home entertainment for family get-togethers and parties. Group leaders have also used the films as an aid to program planning. All Robbins Library patrons having access to appropriate projectors are welcome to borrow these films.
